I will bring all of the items on the supply list with me. You can purchase any items that you may need the day of class.

Practice Piece

The practice piece should measure approximately 18 X 26.

You will create a small "quilt" style practice piece. Draw out 2 rectangles that measure 3 inches wide by 20 inches long and 1 rectangle that measure 6 X 20 inches. The border will measure 3 inches wide on all four sides. It is not necessary to piece the practice piece. You can just use one piece of fabric and draw out the border and rectangle.
